State Court Record

A copy of the Answer filed on October 14, 2019, containing Donald Morisky's Copyright Counterclaims for which federal jurisdiction is required, and a copy of the Complaint in the State Court Action have been separately filed as "attachments" in accordance with LCR 101

Defendant will additionally file independently copies of all additional records and proceedings in state court required by LCR 101 with counsel's verification that they are true and complete copies of all the records and proceedings in the state court action.

There are pending motions to dismiss in state court based on lack of Washington state jurisdiction as to certain defendants, including Susan Morisky, but not including Donald Morisky. Pursuant to LCR 101, it is acknowledged that pending state court motions will need to be refiled in this court.

No jury demand was filed in the State Court Action.

Supplemental Jurisdiction and Venue

This Court has original jurisdiction over this matter pursuant to 28 USC §1454 and §1338 by virtue of the copyright and trademark counterclaims. The Court has supplemental jurisdiction over Plaintiffs' state law claims and Defendant Morisky's additional state law counterclaim pursuant to 28 U.S.C. § 1337(a) because they are so related to claims in the action within such original jurisdiction that they form part of the same case or controversy under Article III of the United States Constitution.

Venue is proper in this Court because the State Court Action is pending in western Washington. See 28 U.S.C. § 1441(a).

Intradistrict Assignment

Pursuant to LCR 101(e) and LCR 3(e), because Plaintiff MMAS Research, LLC is a Washington Corporation with an identified Washington address in King County, Washington, assignment is therefore appropriate to the Seattle Division.
